# BLOWS PETROL-POWERED BLOWERS OUT OF THE WATER

Powered by a high-efficiency brushless motor, the EGO Power+ blowers feature jet turbine technology and large diameter tube to give maximum airflow. With a variable speed function designed to keep you in control, selected models also feature a Turbo Boost mode, delivering extra power for those hard to move objects. More than most handheld petrol blowers on the market. That's more than enough power to clear up even the biggest windfall.

## LB6000E BACKPACK BLOWER

The hugely powerful, yet ergonomic design is easy to use and packed with all the features you need

## LB48018IE BLOWER

Variable speed setting, large blower tube, up to 810m<sup>3</sup>/h output in Turbo Boost mode

## LB5750E BLOWER

Variable speed thumb selector for added airflow control with single handed use, more than 977m<sup>3</sup>/h output in High mode
